Saturday, May 25*th*, 1745. [*Numb.* 583.]

The SPEECH of his Excellency WILLIAM SHIRLEY, *Eſq; Captain General and Governor in Chief, in and over his Majeſty's Province of the Maſſachuſetts-Bay in New-England.*

To the General Aſſembly of the ſaid Province, met at *Boſton*, on Wedneſday the 17th of *April*, 1745.

Gentlemen of the Council, and Houſe of Repreſentatives.

DURING the late Receſs, I have had the Honour of a Letter from his Grace the Duke of *Newcaſtle*, ſignifying to me his Majeſty's gracious Concern for the Protection of his Subjects and their Intereſts in his Northern Colonies, againſt the Injuries and Invaſions of the *French*; and the Meaſures he is taking for attacking and diſtreſſing them in their Settlements in *North-America*, in which it is his Royal Pleaſure that we ſhould join our Forces to make theſe Deſigns more effectual; and therefore it is very happy, and will, I hope, recommend us to his Majeſty's Favour, that this Government hath been ſo early in their Preparations for his Service, and provided and equipped ſuch a Force as has been lately ſent for hence upon the preſent Expedition.

I have alſo received a Letter from Commodore *Warren*, dated the 12th Inſtant, he being then near *Cape Sable*, and proceeding with his Majeſty's Ships the *Superbe*, *Launceſton*, and *Mermaid*, to join our Fleet at *Canſo*, or if they ſhould be gone from thence, to meet them off *Louiſbourg* to aſſiſt the Expedition againſt that Place. The Chearfulneſs and Zeal with which Mr. *Warren* undertakes this Service, and the great Concern he has for the Succeſs of it, and the Proſperity of theſe Provinces ſo much depending thereon (which you will find by his Letter, a Copy whereof I ſhall lay before you) greatly recommends him to our Reſpect and Affections.

Hitherto the Divine Providence ſeems to have favour'd our Enterprize in a remarkable Manner, which we ought thankfully to obſerve and acknowledge, and thereby be encouraged to place our chief Confidence in the ſame Divine Goodneſs and Power for granting us an happy Event of it.

Soon after receiving his Majeſty's Orders concerning the garriſoning of Fort *Dummer* (which I then communicated to you) I ſent a Copy thereof to Governor *Wentworth*, with my Deſire, that he would let me know as ſoon as may be the Reſolution of the Government of *New-Hampſhire* on that Point: In anſwer to which I have lately received a Letter from him, purporting that he ſhould lay the Affair before the Aſſembly of that Province at their next Seſſion (which was to have been in the beginning of this Month) and was in hopes that they would comply with his Majeſty's Commands in that behalf — Since their Meeting I have heard nothing from Governor *Wentworth*, on that Subject. And as it ſtill ſeems uncertain whether that Government will be at the Charge of ſupporting a Garriſon at Fort *Dummer* or not, and the Time you have limitted for the Continuance of the Pay of that Garriſon there will expire To morrow, I muſt deſire you would lengthen it to ſome further Time, 'till we can have a final Anſwer from *New Hampſhire*

WILLIAM SHIRLEY.

LONDON, January 12.

THEY write from *Paris*, that the Court is diſtracted by violent Factions; that ſome great Ladies of the Court, whom the King had formerly honoured with a particular Intimacy; and which had been baniſhed the Court when his Majeſty was ſick, by the Advice of ſome Biſhops; were, now he had recovered his Health, recalled, and thoſe Biſhops baniſhed; that the old Miniſtry daily gained upon the new; and it was thought would ſoon be reſtored, even M. *Amelot* himſelf.

January 15 Private Letters from *Bruſſels* of the 18th Inſt. *N. S* aſſure, that a free Company belonging to the *French*, have been taken lately Priſoners near *Coblentz*.

Advice from *Paris* ſay, very poſitively, that the Campaign will open early in *Italy*, where it is reported that the Infant *Don Philip* ſhall act at the Head of 60,000 Men, *viz.* 26,000 *Spaniſh* and *French*, under his own Command, 20,000 *Genoeſe*, and 14,000 *Spaniards* and *Neapolitans*, under the Count *de Gages*.

'Tis ſaid there will be a new Commiſſion of the Peace for the whole Kingdom.

His Grace the Duke of *Bridgwater* was taken ill on Friday Morning laſt, and died the ſame Evening about Eight o'Clock at his Houſe in *Cleveland Row*, *St. James's*.

As the People in the Electorate of *Mentz*, *&c.* have expreſs Orders not to furniſh the *French* in their Quarters with any Forage without ready Money, and as that is a ſcarce Commodity among them, they threaten to uſe Military Execution; but it is given out, that the Neutral Powers are reſolved to uſe Force by Force, which if ſo, it is ſaid, that the Monſieurs will be ſoon oblig'd to quit their Quarters.

They write from *Barneſley*, in the County of *York*, that there is a Boy in that Town, aged 12 Years, who daily eats 40 Pounds Weight of ſolid Meat, and drinks near the ſame Weight in Liquids; that he has no Digeſtion, or Evacuation, but brings up what he eats immediately, to the great ſurprize of all the learned Part of that Neighbourhood.

Jan. 17. By a Letter form *Portſmouth*, dated the 14th, we are informed, that a few Days ago, at very low Water, the *Yellow* Man of War was diſcovered near *Caskets*, in 14 Fathom Water.

His *Portugueſe* Majeſty is relapſed, and is likewiſe thought to be in ſo great Danger, that publick Prayers have been made for two Days at *Lisbon* for his Recovery

The Deſertion from the *Pruſſian* Service is ſo great, that the Picquets and advanced Guards often go off in a Body, notwithſtanding all the precautions taken by the Prince of *Anhault Deſſau*; who is look'd upon as maintaining the ſevereſt Diſcipline of any General in *Europe*.

We are inform'd that the *Mercury* Fireſhip was lately loſt in a great Storm in the Downs, and only 4 of the Crew ſav'd.

Jan. 22 General *Honywood* has Orders to ſet out for *Flanders* with all poſſible Diſpatch

The Lords of the Admiralty have ordered two 60 Gun Ships to be fitted out with all Expedition, which are to be ſtation'd at *Carolina*, and to be under that the Direction of that Government.

Jan 24 Tueſday two Engineers were appointed to go to the *Caskets*, in order to examine whether it be practicable to weigh up the Victory, lately loſt there

We hear Admiral *Vernon* will ſpeedily have Command of one his Majeſty's Fleets of conſiderable Force

Orders have been given by the Right Hon. the Lords of the Admiralty, to mann compleatly all his Majeſty's Ships ready for Sea, with the utmoſt Expedi-

tion

tion, and there has been a very smart Press on the River, and on each Side of it by Land also, and in the City; the Warrants being back'd by the Right Hon the Lord Mayor.

We hear from *Cambridge*, that there is lately come thither from *Willingham*, a Village in that Neighbourhood, who tho' but *Three* Years and *Two* Months old, is *Four* Feet high, in his Understanding not behind Children of his Age, his Limbs near as large and strong as a Man's, his Voice deeper than most Men's, and in all outward Appearance nearly arrived to a State of Manhood: He has been seen and examined by many Gentlemen of that University and Neighbourhood, who all declare he greatly exceeds their Expectation: In short, he is one of the most wonderful Productions of Nature ever heard of. His Father has brought with him a Certificate and other proper Vouchers concerning the Age of his son.

Last Week a Court Martial was held on board of the *Dutch* Admiral, when two Men were order'd to be keelhaul'd, which is a Punishment very frequent with them.

On Tuesday another Court Martial was held on board the said Admiral for the Trial of a *Dutch* Commander for Sodomy, who was found Guilty and condemned to die; but thro' the Interest of an *English* Gentlemen, his Life was spared, and, after being severely whipp'd, his Cloaths and Money taken from him, and Orders sent for the Confiscation of his Estate in *Holland*, he was depriv'd of his Commission, and turn'd disgracefully a shore at *Gosport*. His Estate is said to be worth 500 l. a Year.

Mr. *Timothy*,

YOU are desired to insert the following *Extract of a Letter from the Northward* in your next.

" --- --- --- --- It is not easy to conceive how this poor Country is pester'd with Itinerants and strolling Preachers: They pour in upon us like Egyptian Caterpillars. They sow Discord and Dissentions wherever they come, by exclaiming against the settled Ministers whatever Denomination they are of. They ask us what sort of Preachers can be expected from our Nurseries of Learning, which they say are covered with Darkness, yea Darkness that may be felt, tho' they themselves are Men of no Education. They have had no regular Admission into the Ministry, are often Men of very scandalous Morals, and we find a Scene beginning to open that should put all Protestants upon very earnest Prayer to God to preserve their Religion. Sorry I am that any amongst us Dissenters have been so easily impos'd upon; we are now made contemptible in the Eyes of our Superiors, and ridiculous before all Men of Sense. We were often told, that our Disorders were not to be charged upon these wandering Apostles and Mock-Evangelists, but Causes will have their Effects. If you set a House on Fire 'tis ten to one if you don't see it all in Flames. And 'tis certain, that Confusions follow these Movers of Sedition as the Fire followed Sampson's Foxes.

Here is another Tribe of Lay-Animals that do an incredible deal of Mischief, and have nothing but their intolerable Impudence to support their Ignorance and high Pretences. They are too lazy and idle to earn their Bread in the Station where Providence hath placed them, and therefore go about making long Prayers, devouring Widow's Houses, fright'ning honest Women out of their Senses, their Husbands out of their Money, and living altogether upon spiritual Plunder. Knowing they could have no Chance without making Men believe them taught by the Spirit, their Language in this Case does not fall short of that of the Chief of the Apostles. The Religion they recommend drives off all Virtue, makes People ten times more the Children of the Devil than they were by Nature, and is serv'd up in such slovenly manners would turn the Stomach of any Man of Understanding. And I'm afraid hath made many nauseate not only Theirs but every Thing so called. They are always crying out *stink*, shewing putrified Sores, raw Bones, Infants wallowing in their Blood, flowing Corruptions, and boggy Sepulchers, all in a Quag-Mire. These Things they frequently discharge at our Tables as well as in the *Pulpit*.

Such Nastiness, such lucious, such greasy, such bawdy Allusions, such spiritualizing of carnal Things, such displaying of filthy Rags, such exposing of bloody * Issues, and the like, I believe the very Dregs of the common Bunters would blush at. And here I can't help feeling an uncommon Resentment at the rude and filthy Account a Reverend Gentleman hath given the Publick in one of his † Journals of his private Impurities; such an Offence against publick Decency, such an Affront to every modest Reader, such a Hint to promote Vice, to enervate Manhood, to discourage an honourable Institution of God, to ruin Youth, and to thin the human Race, I believe never met together before; and such unclean Beasts, such an insolent brazen Crew of Raggamuffian Pole-Cats as these Exhorters are, never 'till now tir'd the Patience of God nor Man.

One of this Tribe of D---ls had got fast Hold of my Wife before my own Face, the other Day, and, under pretence of fumbling in her Pockets for Experiences, was going to run us all out of House and Home, had it not been for some Civil Officers that pursued and carried him to Goal. *Sic me servavit Apollo.* --- ---------."
